Should any selection, upon receipt, not be entirely satisfactory, it may be returned for exchange or refund of purchase price.

GENERAL INFORMATION

(See also Page M 224)

1. In ordering thimbles, rings or bracelets, customers are requested to mention size.
2. Use Mail Order blanks whenever possible.
3. Write all correspondence not relating to the order, or any requests for information, on a separate sheet of paper.
4. Should purchasers desire articles engraved to match the pieces they already have, a rubbing should be sent with the order. This may be obtained by placing a thin piece of paper over the engraving to be matched and then rubbing lightly with a pencil.
5. When writing from a temporary or new address, it is important to so state, mentioning permanent or old address.
6. The prefix "Miss or Mrs." should invariably be used; when initials, without a prefix, are used, responses will be addressed "Mr."
7. Packages sent to Shreve & Company should be plainly marked with the name and address of the sender, and a letter of instructions mailed separately.
8. Remittances should be made by mail and not enclosed in the package with goods returned.
9. Accounts will be opened upon receipt of references, such as local banks, responsible business men, San Francisco firms or individuals of recognized standing. Upon receipt of satisfactory responses from references, any articles desired will be forwarded at Shreve & Company's risk.
10. In requesting designs, photographs or selections of goods from which to choose, it is understood that there is absolutely no obligation to purchase implied.
11. The stock is so extensive and varied, only a small portion is shown in the following illustrations. Should pieces, other than those illustrated, be of interest, photographs or an assortment from which to choose will be forwarded at Shreve & Company's expense, it being understood that the return charges will be paid by the customer.
12. The stock is constantly changing; therefore, it is advisable for patrons to make a second (or even a third) choice, that orders may be filled with dispatch and without disappointment to the customer; or, preferably, in case the particular piece desired is not in stock, permit the selection to be left to the judgment of Shreve & Company, it being understood that articles of only the latest pattern and style, and as closely approaching the original selection as is, at that time, possible to supply, will be forwarded. (See Paragraph 9.)

Special attention is directed to Shreve & Company's "Foreign Department," exact information concerning which may be found on page M224.

13. Should any selection, upon receipt, not be entirely satisfactory, it may be returned for exchange, the purchase price being placed to the customer's credit, to apply against future purchases, or the amount refunded, as the customer may instruct.

14. Purchases will be exchanged (if uninjured) within thirty days from date of purchase, the right being reserved to decline the exchange of purchases after that lapse of time from date of purchase.

15. Returned articles cannot be accepted in whole or part payment of an account, or in whole or part payment of past purchases.

16. Initials, or intertwined cipher monograms, will be engraved upon purchases without charge; inscriptions (except of unusual length) will be engraved without extra cost on trophies. For additional engraving, only the actual cost to Shreve & Company will be charged. For additional information relative to engraving, attention is called to page M 223.

DIAMOND DEPARTMENT

(Pages M 9 to M 33, inclusive)

Shreve & Company's assortment of precious and semi-precious pieces is so large and varied, it is possible to illustrate but a few samples. Other illustrations will be submitted, following such suggestions as these cuts enable you to offer.

All stones and pearls are purchased in the large markets of the world by experienced buyers, and these gems are then mounted in the most artistic manner, in Shreve & Company's factory in San Francisco, one of the few completely equipped plants in this country.

The values placed upon precious and semi-precious stones and pearls are based upon expert judgment, and, as the standards of dealers are not the same, the buyer can feel complete security only when trading with a house recognized for absolute fairness in each individual transaction, regardless of the amount involved. Shreve & Company have maintained for sixty years a standard of supplying fine goods for a fair price.

Shreve & Company solicit the opportunity of submitting for your consideration special illustrations or colored drawings suggesting artistic effects that can be produced, using stones from customer's old jewelry. These designs will be prepared promptly by competent artists, and submitted with estimated costs of production.

Shreve & Company's manufactures can be purchased only direct from their store, Post Street and Grant Avenue, San Francisco.

WATCH DEPARTMENT

(Pages M 34 to M 41, inclusive)

Shreve & Company issue a watch catalog in which are descriptions and prices of the watches carried in their stock. This book, and any special information asked for, will be sent upon request.

Mail order purchases are sent at Shreve & Company's expense, as set forth on page M 224.

Watches bearing the name of Shreve & Company are the products of factories making the best timepieces at their respective prices, and are thoroughly tested and regulated by Shreve & Company before being offered for sale.

In addition to those watches bearing the name "Shreve & Company," the stock contains the various grades and styles made by the Elgin, Waltham and Howard factories.

All watches are guaranteed to be free from defects.

GOLD DEPARTMENT

(Pages M 42 to M 105, inclusive)

Shreve & Company's stock of gold jewelry comprises an extensive variety of exclusive and original designs.

The equipment of Shreve & Company's modern factory affords every facility for the execution of special orders.

Original designs and estimate of cost will be submitted without charge, for the purposed manufacture of any article for special purposes.

Shreve & Company's standards of gold jewelry are fourteen and eighteen karats.

Shreve & Company's manufactures can be purchased only direct from their store, Post Street and Grant Avenue, San Francisco.

SILVER DEPARTMENT

(Pages M 106 to M 219, inclusive)

The productions of Shreve & Company are exclusive and original in design, and the variety of styles exceptionally wide, including reproductions of the Georgian, Colonial, Louis XVI, Chippendale and Adam styles.

The advantages of Shreve & Company's long experience, and the equipment of their factory, are available for the prompt and correct execution of their special orders. Their manufactures in silver are of sterling quality 925/1000 fine.

Designs and estimates of costs will be prepared and submitted without charge for the purposed manufacture of any articles for special purposes, such as reproductions of family silver, trophies, medals, etc., in gold, silver, bronze and brass.

Shreve & Company's manufactures can be purchased only direct from their store, Post Street and Grant Avenue, San Francisco.

STATIONERY DEPARTMENT

(Pages M 220 to M 221, inclusive)

The Stationery Department of Shreve & Company is devoted to the execution, in the most approved forms, of orders for invitations to weddings, and all other social occasions, public ceremonies, the announce-

To those not having established credit, articles for selection will be sent in care of the express agent.

ments of births, betrothals, marriages and deaths; the preparation of dinner cards and menus; the engrossing and illuminating of wedding certificates, testimonials, resolutions and memorials, the engraving of book plates and diplomas.

Stationery for personal, professional and commercial purposes and for colleges, fraternities, clubs and yachts, crests, coats of arms, monograms and address dies embossed on stationery in correct colors.

In the execution of crests and coats of arms expert knowledge is devoted to heraldic research, thus insuring the work to be authentic.

The facilities of Shreve & Company's factory assure patrons prompt and effective execution of orders.

Wedding plates converted into trays and photograph frames without destroying the engraving.

DESIGNING DEPARTMENT

Original designs for jewelry, silverware, heraldic work, memorials, and any articles for special purposes in gold, silver, brass, copper or bronze will be prepared by competent artists and submitted without charge. Designs must be returned to Shreve & Company, who reserve the sole right to estimate and manufacture from them.

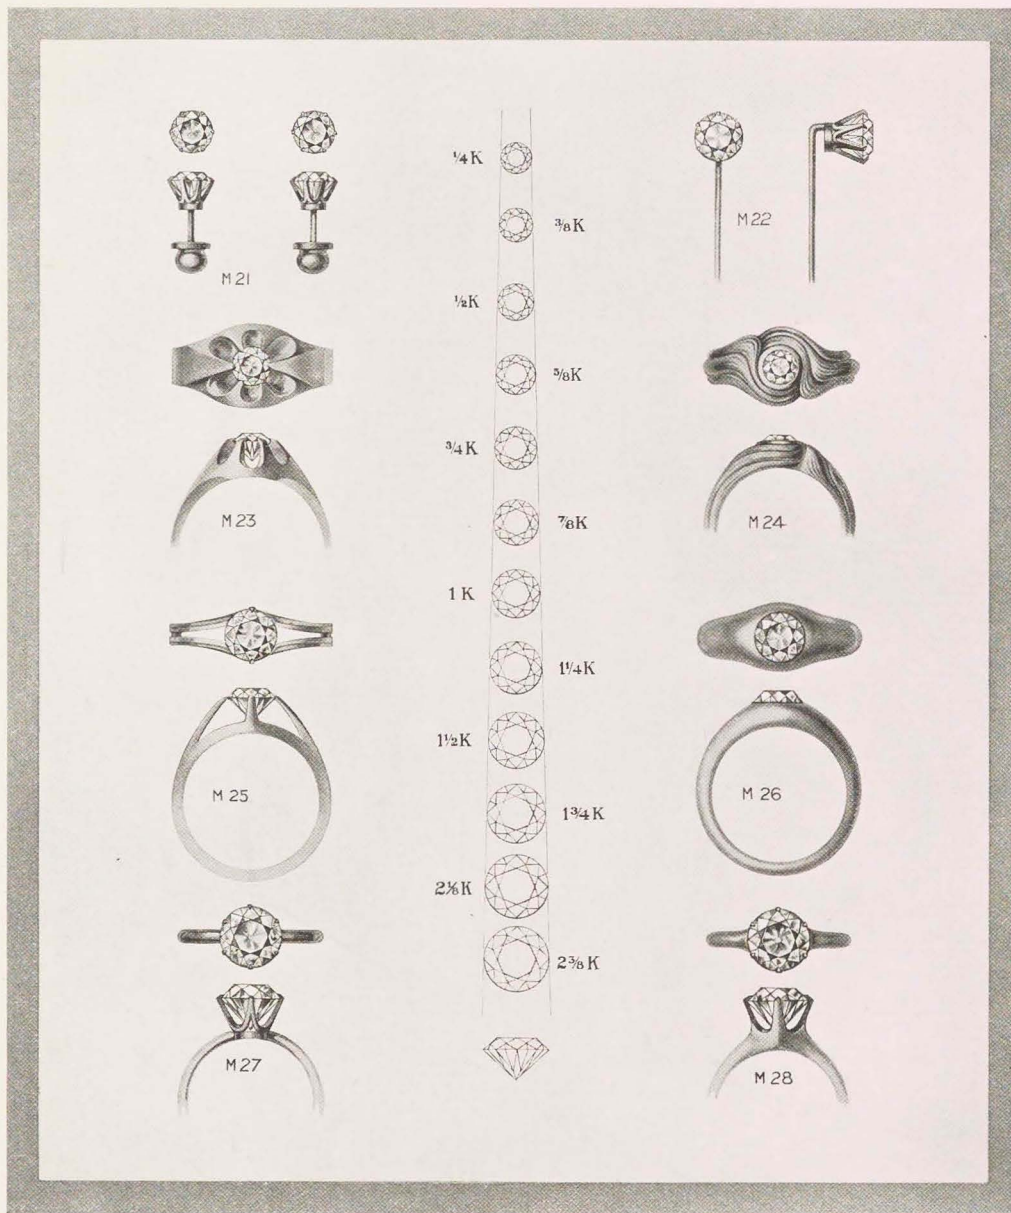

REPAIR DEPARTMENT

Careful attention is given to the repairing of jewelry, watches, clocks, silverware, plated ware, ivory or pearl articles, fans, etc., and to the resetting of precious stones and family jewels.

Shreve & Company's factory, upon the premises, assures absolute security and the careful attention of expert workmen.

It is not always possible to furnish diamonds the exact weight called for, therefore, in ordering, a customer should be prepared for a slight variation with proportionate difference in price.
